

Packages LIVE WEDDING PAINTINGS

Capture the emotion, energy, and unforgettable moments of your wedding day as they unfold. I paint live on-site during your ceremony or reception, then complete the artwork in my studio with refined details and professional finishing. The result is a one-of-a-kind, gallery-quality heirloom you'll cherish for a lifetime.

All packages include a prior consultation, live painting at your event, studio refinements, and a high-resolution digital file of the finished piece. Pricing is "starting at" and may vary based on your wedding date, exact travel distance, and any custom requests discussed during consultation.

Travel Note: Travel fees apply for events located more than 25 miles from my studio. For destinations requiring overnight stays, the client covers all transportation, accommodations, and meals.
